

Seeking the Voices of the Sickle Cell Community

PAID FOCUS GROUP STUDY (1.5 HRS): FOR ADULTS WITH SCD & PARENTS OF CHILDREN WITH SCD

We are seeking adults with sickle cell disease and parents of children with sickle cell disease to share their opinions on genetics services (e.g. genetic counseling, genetic education, genetic testing).

Your opinions could help teach healthcare professionals how to talk about genetics of sickle cell disease with patients like yourself.
(Everyone who meets requirements is welcome.)
